BOOK SYNOPSIS

A revelatory and timely look at how technology boosts our cognitive abilities—making us smarter, more productive, and more creative than ever. It's undeniable—technology is changing the way we think. But is it for the better? Amid a chorus of doomsayers, Clive Thompson delivers a resounding “yes.” In *Smarter Than You Think*, Thompson shows that every technological innovation—from the written word to the printing press to the telegraph—has provoked the very same anxieties that plague us today. We panic that life will never be the same, that our attentions are eroding, that culture is being trivialized. But, as in the past, we adapt—learning to use the new and retaining what is good of the old. *Smarter Than You Think* embraces and extols this transformation, presenting an exciting vision of the present and the future. From the Trade Paperback edition.

SMARTER THAN YOU THINK HOW TECHNOLOGY IS CHANGING OUR MINDS FOR THE BETTER
