BOOK SYNOPSIS

Life as an ENFP is no walk in the park. Despite the happy-go-lucky attitude they exude, only those who share the specific preference for extroversion, intuition, feeling and perceiving on the Myers-Briggs Type Indicator can truly understand the unique form of chaos that governs this types restless mind. Embodying a profoundly strange stack of cognitive functions, ENFPs approach the world with both the enthusiasm of a child and the wisdom of an old soul. In this detailed, type-based survival guide, seasoned MBTI author and shameless ENFP Heidi Priebe explains how to manage the ups, downs and inside-outs of everyday life as one of the most passionate yet self-contradictory types.
